Is Applicant in ownership of a decommissioned facility ?

Yes

No

If yes, please indicate the amount of acreage the facility is located on:

General description of Applicant's business activities:

General description of why Applicant wants to join USWAG:

Principal issues of concern to Applicant addressed by USWAG:

By submitting this Application for membership, Applicant acknowledge that it subscribes to the Mission of USWAG, which is as follows: The Utility Solid Waste Activities Group is an informal consortium primarily dedicated to assisting members in the management of wastes and byproducts associated with the generation, transmission, or sale of electricity and the use, reuse or recycling of the materials that result in such wastes and byproducts. The primary Utility Solid Waste Activities Group mission is to address the regulation of such wastes, byproducts and materials in a manner that protects human health and the environment and is consistent with the business needs of its members.
